CHECK THE OFFER

After you're done shopping, working out, or just before pulling out your credit card to pay your tab, open your Eat Drink and Be Local® app and check the 'Be Local Offering' that is being offered at your new spot. You may be surprised to see yourself saving 10% or more on your first visit. Don't be alarmed if you don't see an offering though, it may be coming soon. You can view the different businesses 'Be Local' offerings displayed just above the 'Daily Highlights' all throughout the app.
